HELP TO MAKE IT A BIG CLEAN-UP CAMPAIGN!

More power to the well-planned CLEAN-UP WEEK scheduled here April 1-6! A neat, well-kept town makes a wonderful impression on visitors and develops civic pride and real estate values. Towns are in competition for trade, both from local trade areas and from tourists. In this competition the odds are all for the tidy and attractive town. As you plan to do your part for the Appomattox Clean-Up Week, remember that such a drive pays cash dividends to the community. And it brings a satisfaction for which there is no substitute.

We congratulate the Appomattox Garden Club for its leadership. Our town is already one of which we may well be proud. That's largely because it is a rapidly growing town. We have to room for old sheds

and yeasayers. They must make way for new structures. We have a magnificent view of the old buildings standing idle. Our people are industrious and appreciate the assets of attractive premises. Our business places are regularly painted and kept attractive. Homeowners spend considerable time and money to aid the appearance of their property. Take a ride around town. All the streets this weekend, and you will find the Appomattox Clean-Up Week. When the full force and energy of Clean-Up Week has been expended, it will be even better. It is truly remarkable what a little amount of time and money spent in paint, grass, flowers, shrubs, white wash and general cleaning will do! LET'S GO FOR A BIG CLEAN-UP CAMPAIGN!

WILL YOU BE AT THE COURT HOUSE TONIGHT?

There are problems in the average community that we all recognize, but we are prone to let "the other fellow" solve them. One of these problems is that of organized fire protection. We have such a problem here in Appomattox. The town has a fine engine and spends considerable money on its upkeep, and for hose, and water run on the fire hose. The total spent by the town, on fire protection runs over \$500 a year. Yet we have no organized fire fighting force, and that's what we need. A meeting, a public meeting, has been called at the court house tonight for the purpose of discussing this problem. You are interested, but are you interested enough to attend this meeting? It has frequently been said that a citizen's pocketbook lies next to his heart. Well, fire protection is right in the middle of your pocketbook!

GOVERNOR'S VETO POWER

Did you ever stop to realize what an amazing veto power is possessed by a Virginia Governor? Bills are not sent to the Governor until twice after the legislators have left Richmond for home. Then he has ten days in which he has absolute final decision on laws passed by the assembly. There is no chance to pass them again over his veto. An act may have passed both houses unanimously, yet the Governor can keep it from becoming law. Why not send the bills to the Governor right after they pass instead of waiting until after the legislators have gone home and the opportunity to reconsider is over?

President Roosevelt recovers from severe cold.

THE PRICE OF PLENTY

(From Bedford Bulletin)

During the 1938-39 season boom prices marked the sale of fuel-cured, or cigarette tobacco. The growers reaped in good times. With visions of wealth arising before them, they voted to throw out government's tax on production. With tobacco selling high, it was the height of folly not to grow more and thus make more money. In 1939 they grew a bumper crop, much too large under any conditions, and to make matters worse the war in Europe advanced the selling season for tobacco. The sad story is told in the following news dispatch from Richmond:

"A, all-time record amount of leaf sold on the Virginia cigarette markets in the 1938-39 season to \$14.50 per pound, as compared with \$12.95, 1937-38, as compared with \$12.95, 1936-37, as compared
